*make a statement of elegance*

## Frameless shower screens

Add an element of modern elegance and luxury to your bathroom with a Premium frameless shower screen. With several styles to choose from they are a perfect solution to today's designer inspired bathrooms

The seamless and contemporary silhouettes created by our range will open the space in your bathroom, create light and provide a modern elegance that will add value to your home. With the aesthetics and ease of use provided by our product selection, you get ambience and simplicity for a bathroom space that is low-maintenance and can complement any bathroom décor.

Panels are built with 10mm safety glass approved by Australian standards. With a range of cuts, these pieces can be customised to suit most applications.

Our team can discuss the different fixtures and cutting options to suit your bathroom and help you create the look of your dreams.

## Semi-Frameless Shower Screens

A semi-frameless shower screen offers the stability of a traditional shower screen with the simple elegance of a frameless glass panel. With slimline trims and the option of doors that swing both ways, these beautiful selections will appeal to many home owners with specific bathroom requirements. With our high quality range, you'll be sure to find the solution that fits your family's needs while perfectly complementing your design.

**Executive** – A popular choice for renovators, builders and new home owners. This robust semi frameless shower screen looks beautiful while still being affordable.

**Eureka** – Sleek and elegant, this screen is ideal for corner configurations. With no interior frame and a pivot door that swings both ways, you get beauty and convenience in this simple choice.

**Glide** – With an innovative rolling glide door, this choice is the perfect complement to any modern home. Its polished silver coloured trim and handle give it a classic elegance.

**President** – With the clean lines and sophistication of a frameless shower screen and a door that swings both ways, this selection comes standard or can be customised for wheelchair access.

We can help you with a design that will ensure the right selection and measurement of your new shower screen, and see to the installation for a complete and professional finish.

*a touch of luxury*

## Fully framed showers

Choosing the right shower screen can create a functional and beautiful bathroom that will also maximise your space. Premium offers you a range of options to meet any requirement or design style. All of our shower screens are available in a range of finishes and styles to complement your interior.

**Pivot** - With a wide range of design options, a pivot door is strong and convenient. Perfect for providing easy access and minimal splash in homes with children and the elderly.

**Slide** - Available in a three panel slide, these full-framed shower screens are a great option for limited space.

**Bath** - With a fix and/or swing, framed, semi-framed or frameless panels fixed to the wall, this economical option provides a smart looking and sturdy access to your bath.

**Compact** – Designed with tight spaces in mind, these full-framed shower screens are easy to clean and perfect for compact bathrooms.

## Walk in Wardrobes

A walk in wardrobe can transform your space into a beautiful storage solution tailored to fit your room, your lifestyle and your budget. Our custom wardrobes can be outfitted with any range of our standard components or custom-designed.

By changing your dressing room into a custom-built walk in wardrobe, you can create a functional and stylish solution to suit any space. Having a custom wardrobe allows you to properly store more items while providing easy access to all of your belongings.

One of our experienced and friendly team members will work with you on the design and layout of your choice, helping you to create a wardrobe that is both highly functional and beautiful.

The Premium Walk in Wardrobe comes in a range of finishes and storage options such as slide out shelves, specially designed rails for belts and ties, boxed drawers ideal for under garments and ties, shoe racks, mirrors, LED lighting, you can even include a fold out ironing board. The options are limitless.

## Hinged Door Wardrobes

For a classically elegant look, Premium's Hinged Door Wardrobes offer a versatile style that is equally suitable for period or contemporary homes. Providing maximum access to your belongings, these classically styled custom wardrobes are perfect for larger spaces.

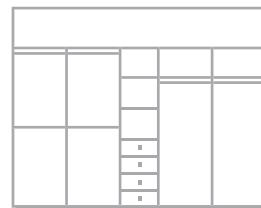

With a wide selection of style options, your custom wardrobe can be designed to your specifications. Choose from an array of finishes, colours and sheens, or order raw custom wood ready for painting in the colour of your choice.

Consider the elegance of our collection of doors and the convenience of a hinged system. Doors can run up from the floor without the need for tracks, and they provide easy access to items located at the back of your closet.

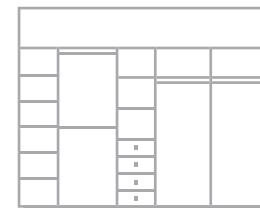

They are fully customisable to help you maximise your space and provide storage for all of your belongings. From clothes and small items to ironing boards or surfboards, a custom wardrobe will protect your possessions, create space and improve the look of your home.

## Sliding Door Wardrobes

Custom wardrobes can turn a simple closet into a beautiful and elegant space, while the right sliding door can add light and the illusion of more space to a room. Sliding wardrobes allow you to maximise the space of a smaller room by avoiding hinged doors. Available in two panels or a series of panels that stretch wall-to-wall in a large area.

We offer three different categories of sliding wardrobes that can be further customised to match any interior design or style preference.

**Panel** – Panel options are available with a variety of designer finishes and colours or the option of a raw custom wood panel to paint in the colour of your choice.

**Mirror** – A mirrored sliding door can bring light into a room or create the illusion of more space. Create an equally dramatic visual effect with either a frameless or framed selection.

**Glass** – Clear glass panels create a unique open look for any custom wardrobe. Available in frameless or framed selections, as well as coloured glass for a bold statement.

## Mirrors

Large reflective surfaces greatly enhance the look and feel of any setting. Providing the illusion of space and light, a beautifully crafted and positioned mirror brings light into a room, creates the impression of more space and reflects your desired outlook including outdoor vistas and stylish pieces of artwork.

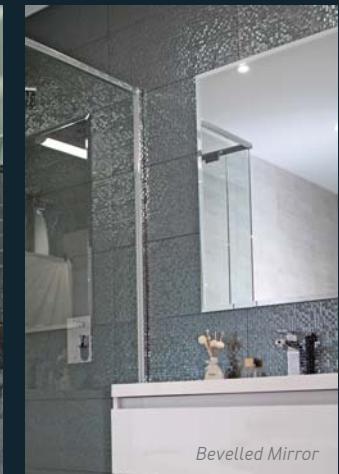

Premium specialises in crafting practical and stylish shower, wardrobe and bathroom mirrors, custom cut to size and made from the finest materials to complement your design. Premium mirrors are available as framed or frameless with a choice of bevelled or straight edge finishes.

**Complement your designer wardrobe.** Add a practical and elegant wardrobe mirror to your Premium wardrobe solution to provide both a functional and stylish finish for your storage system.

**Bring style to your shower.** Premium shower mirrors create a spacious and practical addition to a bathroom as a feature wall or a simple bathroom fixture, providing both additional light and style to your space. Glass surfaces can also be added as a design feature to other areas of your bathroom including shelf recesses and towel racks.

## Splashbacks

Give your kitchen, bathroom or wet area the finishing touch with a contemporary and stunning Premium glass splashback. Revolutionising the use of glass, in both the home and commercial setting, bathroom and kitchen splashbacks are being increasingly used as creative and unique design alternatives to tiling.

Glass splashbacks are available in an endless array of colours and styles and have many benefits. They are easy to clean, tough and hard wearing with colours that never fade.

Splashbacks are measured and cut to exacting sizes to fit your area perfectly and installed in accordance to Premium's safety procedures.

In homes they can be used in the kitchen, laundry, bathroom or alfresco areas, providing a beautiful alternative to tiling for your shower recess, fireplace, feature wall, vanity top, cabinet doors, sliding wardrobe doors, table tops, counter tops, art glass, island bench, water feature or furniture. The options are endless!

Commercially they can be used in the same manner as in residential applications, but also perfect for internal elevator cladding, escalator wall cladding, corporate signage and logos, balustrade and partitioning.

*Bringing your ideas to life*

## Custom Furniture

Premium can custom design and craftsman build one-off pieces of furniture that meets your specific design and function inspired ideas.

Bookcases, wall displays, cupboards, work-stations, television stands, trophy and display cabinets, bars, closets, if you can imagine it we can build it.

Built to the same exacting standards as all our Premium products you can be assured you will be getting a piece of furniture made to our highest standard. We use the finest grade materials, utilising advanced technologies to ensure your custom built furniture withstands the test of time.

Our team can discuss your design ideas, take you through our selection of finishes and accessories and provide you with a free measure and quote.

Premium is a well-established Australian company with a proud history of designing and manufacturing shower screens and wardrobes – family run and orientated.

Not only do we design, manufacture and install the most comprehensive on-trend range of shower screens and wardrobes available in Australia, we also design mirrors, glass splashbacks and custom furniture.

Premium is a proudly owned and operated Australian company with a leadership team that combines over 90 years of proven design, market leader and manufacturing industry experience. We have pioneered the industry whilst remaining relevant to today's trends. We employ over 200 dedicated design, manufacturing and customer service professionals, all working together to ensure we deliver the highest of quality, innovative and durable products that surpass all our customers' expectations.

Our showrooms showcase many of Premium's exclusive products and accessories, they are designed to give you a complete understanding of what can be achieved when selecting and customising the right product to compliment the situation. It's a great idea. Our team of dedicated professionals encourage you to bring your plans, drawings, dimensions and photographs when you visit our showrooms. Have a chat with one of our friendly design consultants to ensure you get the most out of your visit to Premium. We are here to help you make the right decision with scope

to enhance your investment whether home, office or project, to create the most beneficial outcome. Luxury or cost effectiveness, we strive for complete satisfaction.

Many of the technologies and procedures we use to build our shower screens and wardrobes are exclusive to Premium. We design and manufacture over 500,000 products every year. Each product meets our stringent quality control processes, and demanding build and performance premium quality standards. All our products conform to Australian Standards. We work with the largest suppliers of aluminium, glass, veneers and hardware in Australia to ensure we are supporting our economy.

That's why we can offer such a comprehensive warranty package on all our products. Shower screens, mirrors and sliding doors come with a 12-month manufacturer's warranty. Our wardrobes and custom-built furniture have a lifetime manufacturer's warranty. Conditions apply.

It's no accident our products are so good and perform so well. Premium has invested heavily in researching and developing our products, manufacturing processes, lifestyle trends, competitors and customer specific needs.

At Premium we understand that customer satisfaction is all about personal choice, taste, style and after sales support.
